

1. Name of the register

Conference: 10th Nordic Breastfeeding Conference – abstract submission and registration

2. The identity and contact information of the data controller

Suomen Vauvamyönteisyyskouluttajat ry

Chair: Elina Rinne; vamykouluttaja@gmail.com

3. Contact information of the Data Protection Office

Email: Chair Elina Rinne, vamykouluttaja@gmail.com

Finland's Office of the Data Protection Ombudsman: tietosuoja@om.fi

4. Contact information for matters regarding the use of the register

Abstract submission: PhD Leena Hannula: leena.hannula@metropolia.fi

Registration: Elina Rinne, vamykouluttaja@gmail.com

5. Purpose and legal basis for the processing of personal data

The purpose of this register is to store the contact information of persons who have submitted an abstract and/or registered to 10th Nordic Breastfeeding Conference and data related to the abstract submission and/or registration.

The data collected from the data subject will be utilised in implementing the agreement that has formed through registration, especially in communication related to the conference and directing individual services to the registered persons. The legal basis for the processing of personal data is set by an agreement that is formed between the data controller and the data subject through the registration.

6. Personal data in the privacy notice

Personal data is collected from persons who register to this conference. The data that is being collected is name, email, affiliation(s), current position, special diet (if any).

7. Recipients and recipient groups of personal data

Registered data can be disclosed to stakeholder groups of the conference (for example the organisers or instructors of the programme related to the conference).

8. Information on transferring data to third countries

Personal data related to the abstract submissions will not be disclosed to parties outside the EU or the European economic region.

9. Retention period of personal data

Personal data and other registration data related to the conference is stored in the register for 1 year after the end of the conference.

10. Rights of the data subject

The data subject has the right to access their personal data retained by the Data Controller, the right to rectification or erasure of data, and the right to restrict or object the processing of data, and the right to transfer the data from one controller to another.

The data subject has the right to make a complaint with the supervisory authority.

The contact person in matters regarding the rights and obligations of the data subject is the Chair of Vauvamyönteisyyskouluttajat (Elina Rinne), whose contact information is listed at the beginning of the privacy notice. If the data subject feels that the controller has refused to fulfill request without adequate grounds, a person can contact the Data Protection Ombudsman, whose contact information is provided at the beginning of the privacy notice.

11. Is there an obligation to provide personal data that is based on legislation or an agreement, or required in order to form an agreement, and does the data subject have to provide personal information, and are there any consequences for not providing said data

If the data subject does not provide required data regarding the registration to the conference, the data controller cannot accept the registration of the data subject or commit to the agreement between the data controller and the data subject regarding the registration to the conference.

12. Information on the source of personal data

Registered data is acquired from the data subject through their abstract submission and/or registration to the conference.

13. Information on the existence of automatic decision-making, including profiling

Registered data will not be used for automatic decision-making or profiling.

14. Principles of protection of the register

The register data is stored according to the best practices, good information security and legislative regulations so that it is protected from external parties. The register is protected with user identification and passwords as well as structural and group-specific authorization. The personal data registers can be accessed only by members of personnel who require the use of personal data for performing their work tasks. The system can be accessed only through a protected network connection.
